

Covid-19 School Closure High School Parent eLearning Update - April 3

Dear Parents,

This is an IMPORTANT update to the document sent earlier this week. The state has mandated that all schools close until the end of the 19-20 school year for in person lessons. They have also provided guidelines around what requirements schools have for eLearning and the number of instructional days we will be held accountable to. These requirements have shifted our plan in a big way. We will be adding eLearning days through May 14, and days will be more frequent some weeks (see below). This is necessary to meet the guidelines provided by the state in the number of instructional days that need to be completed, and to ensure instruction continues to move our students forward.

Please read through the chart below. We know that we have probably not answered every question. Please email any further questions/concerns to the principal or to your child's teacher.

What should we do about work that is due April 6th?	Work from the week of March 16-20 is due on April 6th. Your child's teacher(s) will communicate how that work should be turned in.
eLearning Schedule	<p>We will have eLearning through May 14. Lessons will be posted by 9AM. At the HS we will alternate days for students. M/W will be periods 1,3,5,7 and T/Th will be periods 2,4,6. The weeks with two days will be 1,3,5,7 on the first day and 2,4,6 on the second day.</p> <p>April 7, 9 April 13,14,15,16 April 20, 21, 22, 23 April 27, 28, 29, 30 May 4,5,6,7 May 12,14</p>
When will lessons be due?	<p>Lessons will be due by the next morning. Ex. April 7 lessons will be due by 9AM on April 8.</p> <p>Grades for assignments will be graded and tracked for completion. Grades will be updated in Harmony</p> <p>Attendance: Students must complete work to be counted as present for that</p>

	specific day.
What about students with no connectivity or who just don't do their work?	<p>We realize that some of you do not have internet access and that hotspots might not last through May 14. Many school personnel have the same issue. Please note that we will continue to provide eLearning/virtual lessons for students in the hope that you can connect to learning in that manner.</p> <p>The situation on the HS level is different from the elementary as far as technology is concerned. Hopefully each KRUNCH Time teacher knows if a student does not have access. Parents, if your student does not have the internet and is not turning in work for that reason, let us know (teacher, counselor, administrator, etc) and we will deal with it on an individual basis. Our hope is all HS students can use technology and their friends to figure out a way to get everything submitted electronically.</p>
When are my teachers office hours?	<p>Teachers will continue to check their email and be accessible to students during the day from 9-2. Please troubleshoot quickly for students who say videos/links aren't working, etc. If there is trouble we are asking them to put in a support ticket so they can be checked on those daily.</p> <p><u>PARENTS - Please have your student Check Email Frequently.</u></p>
How should I communicate with teachers?	<p>Please email your child's teacher(s) with any questions/concerns you have about lessons and devices during the school closure. He/she will forward any questions that need to be answered by administration or technology staff. Teachers will have daily "office hours" from 9AM - 2PM.</p>
What if my child's device is not working?	<p>If you are having trouble with your school issued device (Chromebook), please contact your child's KRUNCH Time teacher. Drop off locations will be at both elementary buildings using the lunch pickup lines. Drop the device off and our staff will repair what has been reported to your KRUNCH Time teacher. We will notify you when it can be picked up. Please do not do so without talking to us first, and if you are asked to bring it in make sure you have the student's name, school, your contact information, and a detailed description of the issues on a note attached to the device. DO NOT drop off devices without speaking to us first.</p>
Will meals still be provided?	<p>Rockport and Luce will continue to pass out breakfast and lunch FOR ALL STUDENTS K-12 on the same schedule throughout the end of the regular school year. This is 10:45 - 12:00 M - F</p>
